Wayne,
I will provide a copy of the CD at no cost this evening. As stated on the legal ad, the Community Planning Group meeting is at 7:00 P.M. in the Fire Training / Community Room at 39919 Ribbonwood Road. Staff is well aware that many people will be directly affected one way or the other by the project.

I hope that most know this is in our front yard.

Hi Wayne,
The EIR is a very large document and I'm anticipating will be comprised of at least two volumes (I'll know later today when I receive it). We will be delivering one hard copy of the EIR, grading plans and plot plans and two CD-ROMs containing those documents plus the technical appendices to the Campo-Lake Morena and Jacumba libraries later this afternoon. I will try to have extra copies of the CD-ROM with me this evening at the Boulevard Community Planning Group meeting. If you must have a hard copy of the EIR, please be aware the Department has to charge to recover the cost of providing extra

copies. I will make it a point to let folks know what the cost of an EIR hard copy is tonight. Planning Manager Mindy Fogg and I will be attending the Boulevard Community Planning Group meeting this evening.

The Rugged aerial photo is attached but is also available from the public review website, and directly at <http://www.sdcounty.ca.gov/pds/ceqa/Soitec-Documents/EIR-FILES/AerialPhoto-Rugged.pdf>. I will also make a few copies of the aerial photos to hand out tonight as well.

Thank you,
